It's Time To Feel Free!

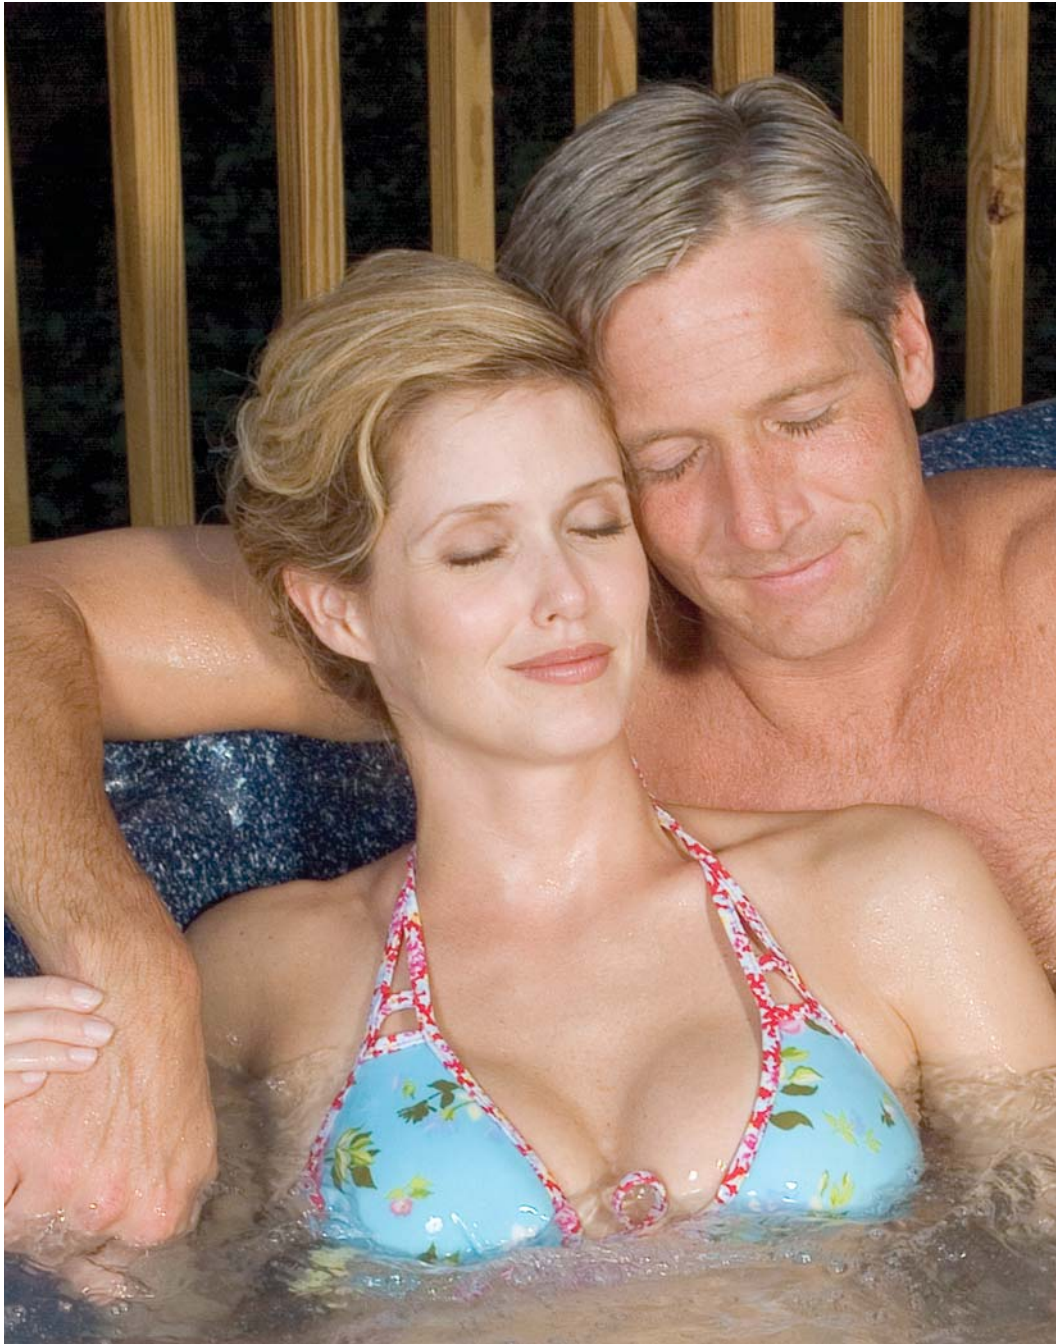

Chlorine-Free

Bromine-Free

New Leisure Time Free Sanitizing System

Simple Spa Care for sensitive skin

**IT'S
TIME
TO
FEEL
Free!**

Chlorine-Free, Bromine-Free,

A Difference You Can Feel.

*Have sensitive skin? Then you know how irritated it can get with traditional spa sanitizers. With Leisure Time's new **Free** sanitizing system, you can literally feel the difference in your spa water. This 100% chlorine-free, bromine-free, odor-free sanitizing system is easy on sensitive skin while keeping water crystal clear and clean. And you won't have to worry about it fading your bathing suit or damaging your hair. Free is a softer, gentler way to sanitize.*

It's Simple Spa Care for sensitive skin.

Odor-Free Spa Sanitizing System

Freetm

100% chlorine and bromine-free, **Free** is gentle on eyes, hair, skin, even swimsuits. It's also virtually odor-free and controls bacteria longer than chlorine or bromine. And because it doesn't affect pH levels, **Free** requires less maintenance than traditional sanitizing systems - leaving you with more free time to enjoy your spa.

Boosttm

Specially designed to be used with **Free**, new Leisure Time **Boost** is a non-chlorine, liquid shock formulated to break down oils, lotions and other organic materials. Used with **Free** as part of the Simple Spa Care Program, **Boost** improves filtration while keeping water clean and clear.

Controltm

Control's special formula prevents unsightly waterline film from forming around the perimeter of the spa. Use at start-up and weekly as part of the **Free** sanitizing system and Simple Spa Care Program.

* Spa start-up kit and test strips also available.
